This is an entrance to our parking lot.

The office building is ahead of you past goodyear Tires.

Drive along the right side of the building and park behind on the lower level.

How to find Jennie Patton's Tacoma office

Pine Street is the road that runs behind the Tacoma Mall. Jennie's Tacoma office is on the ground floor of the 7-story white office building located just across the parking lot from Nordstrom.

Jennie's office is on the ground level. The easiest way to get to Jennie's office is to park behind the building and use the lower level entrance – on the Pine Street side of the building. If you instead use the main entrance on the I-5 side of the building, you will need to go down 1 floor to the lower level.

Once on the ground floor walk back and turn left. The Executive Suites should be directly in front of you. Jennie's office is located within the Executive Suites. She is in office 30-02 which is to your immediate right.
